**IDSS
Shanghai
2014**

**Yuan Huan
Sun Chao
Miriam Brack**

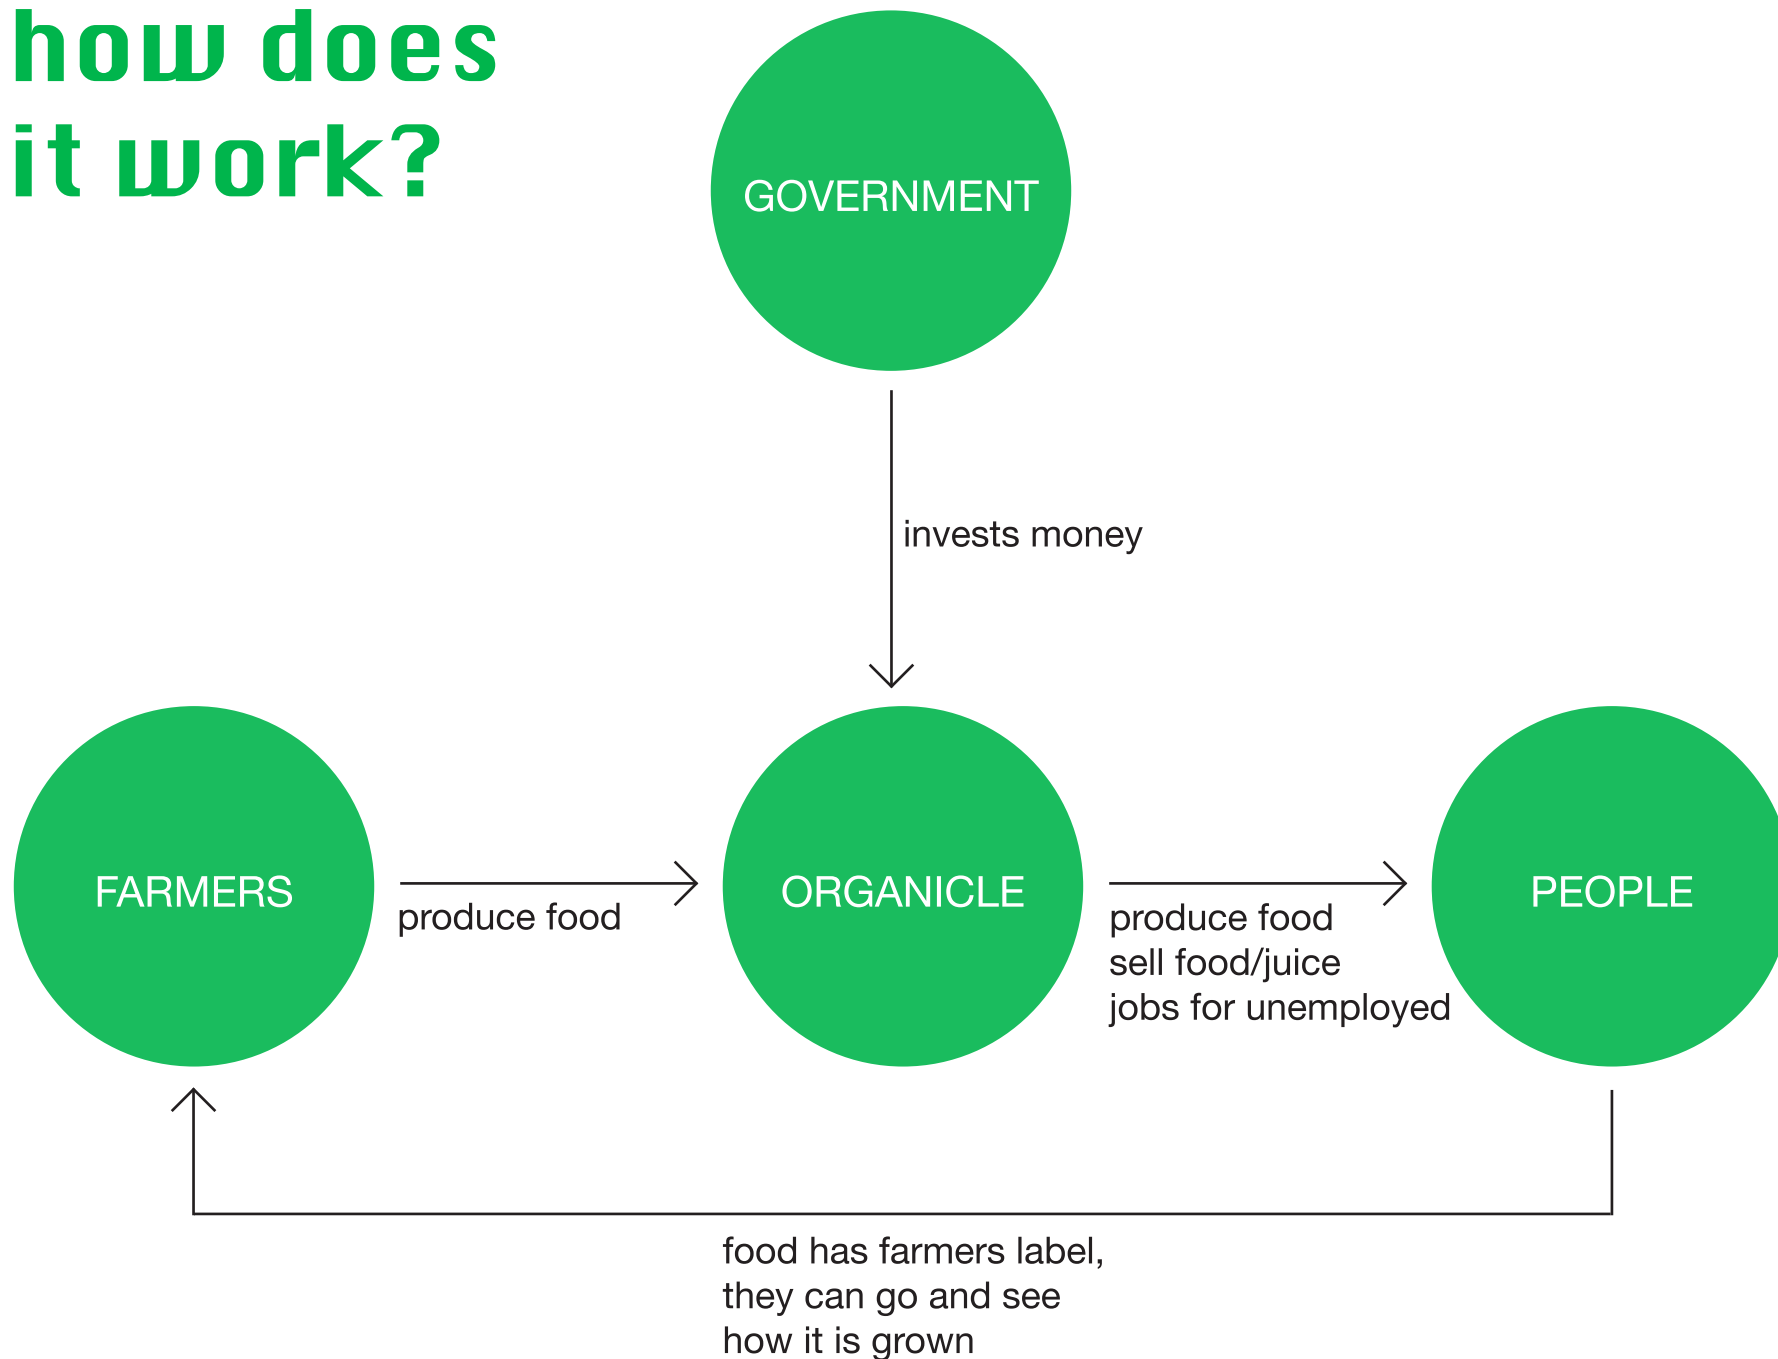

basic idea

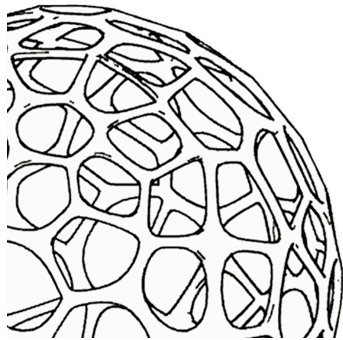

1 A mobile greenhouse which provides jobs for unemployed people.

2 A place for citizens to get organic food and see plants grow.

how does it work?

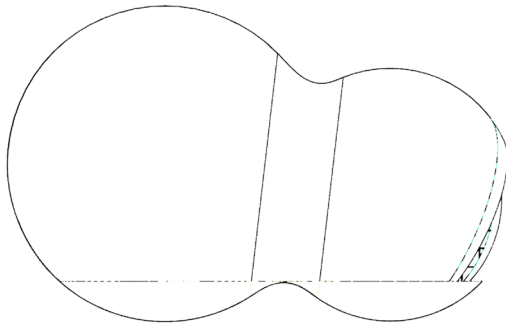

design concept

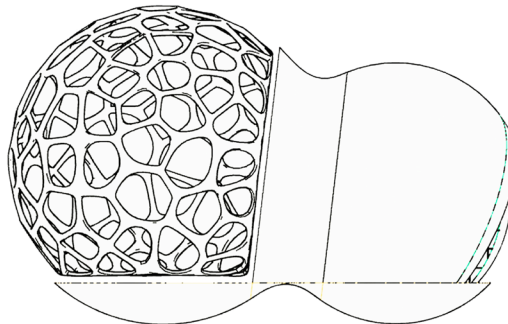

Inspiration from natural forms

1

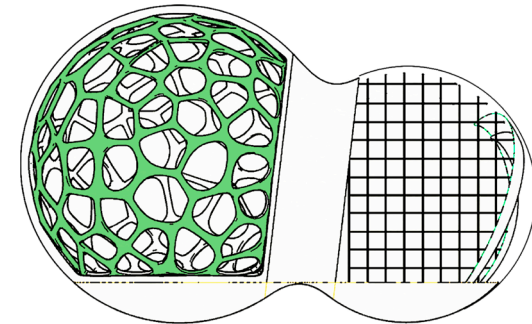

Part 1: planting/attraction
Part 2: selling/workstation

2

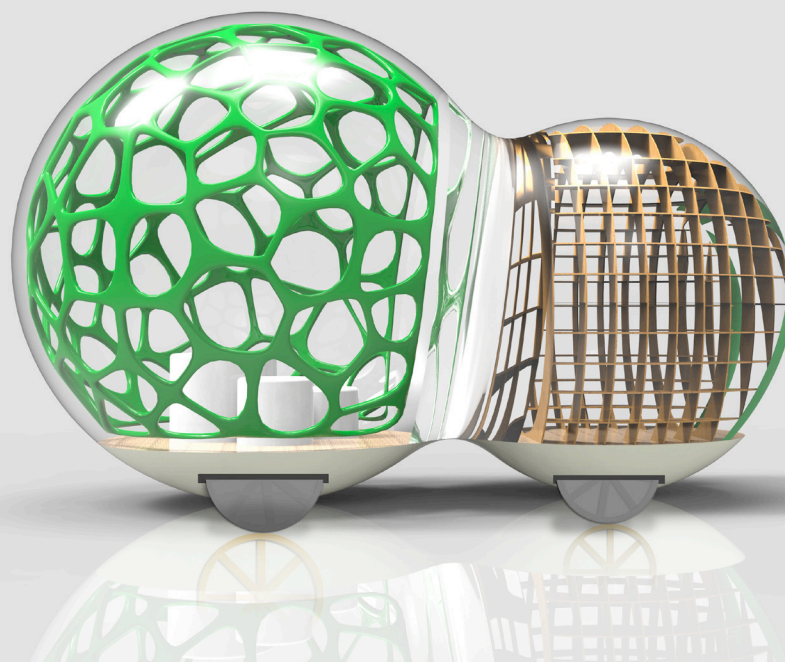

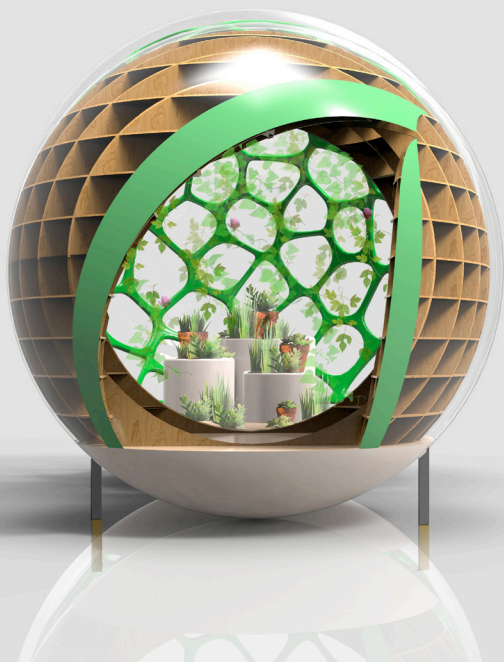

Growing structure

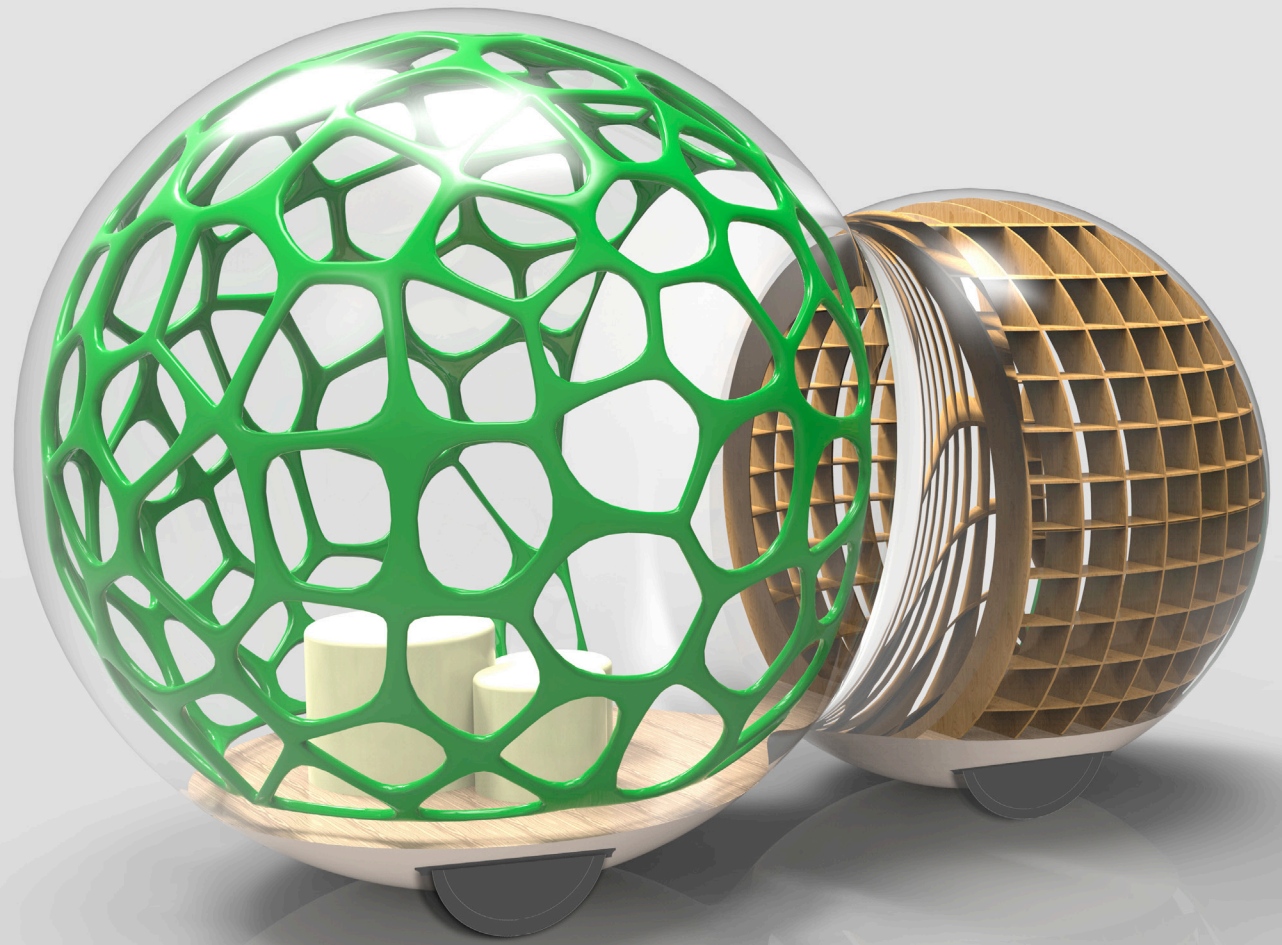

3

Selling structure

final design

idss comments

„I love the building, the people, the environment..everything here. And I would like to come back again.“

YUAN HUAN

„I really like the life in Chongming island. We got to know each other and we became friends. And I enjoy the fresh air.“

SUN CHAO

„I enjoyed to learn about the different cultures and ways of thinking as well as the multidisciplinary of this project.“

MIRIAM BRACK
